# WELCOME TO LAMITEX

/

Lamitex creates decorative surfaces with a highly innovative content. Thanks to exclusive technology which guarantees the very best technical and quality performance, Lamitex laminates offer extraordinarily realistic visual and tactile sensations.

## ECOLOGY COMMITMENT

Current issues, such as the protection of the environment and nature, as well as the health of people and all living species, are not new to Lamitex, a company which was created with the desire to offer the market an alternative covering material with an ultra-low environmental impact.

MADE  
IN ITALY

Lamitex products are a perfect example of Italian excellence in interior design. The meticulous attention to quality and detail in the production process guarantees a final product with unique stylistic and technical features.

# DESIGN AND INNOVATION

/

Lamitex laminates are the ideal solution for designers and interior decorators who are looking for cutting-edge products in terms of quality, flexibility of use, range of finishes and with an emotional impact, capable of satisfying a wide variety of aesthetic needs.

## OUR TECHNOLOGY

CLPL® Continuous Low Pressure Laminate is the exclusive technology by Lamitex with a high level of know-how that gives decorative laminates an ultra-realistic look by reproducing and highlighting the features of natural materials. Thanks to the extreme flexibility of the material, it is the number one choice for interior vertical surfaces.

# WIDE RANGE /

Lamitex decorative laminates come in a large selection of decors, backings, finishes and embossing, providing customised solutions whatever the aesthetic or functional need.
